

Madagui Forest City, which was built up as a city in the primeval forest, is the first and the only forest city model in Vietnam. With an area of 1,200 hectares, Madagui Forest City is covered by fresh natural landscapes and a various kind of wild flowers blooming during year time.

Madagui Forest City has exploited the potential to launch numerous services regarding to recreation, cuisine and accommodation which are in wild style bold but still in convenient and modern manner. Madagui with its terrain, forest mountain, caves, fruit garden, wildlife conservation area is typically suitable for team-building events and academic programs for exploring and experiencing the feeling of immersing in nature.

Being various in accommodation including tents, community rooms, bungalows and luxury villas, Madagui Forest City is ready to serve different customer's demand. Besides, four restaurants in specific style will surely make tourists completely enjoy the taste of Madagui cuisine.

The special feature to attract tourist here is the movement games such as paintball shooting, zipline, rock climbing, rafting boat, grass sliding, and so on.

Come to Madagui! Listen to the breath of the jungle and immerse in the nature.
